## PRESENTATION

Firmly moored to the deck, the two 228-litre barrels crossed the Atlantic Ocean to the rhythm of the currents and sea variations. With a stopover in New York, the yacht sailed across the Atlantic for two months before returning to Saint-Malo in early March.

For Albert Bichot, the aim of this experiment is to study the variations in the development of white wines and to see the birth of a unique cuvée.

## WINEMAKING/AGEING

Handpicking, sorting of the grapes, gentle pressing so as to respect the fruit.

## TASTING

Fine bouquet with notes of citrus fruit and white flowers that evolve into hints of honey and dried fruit. Lively, dynamic and very powerful on the palate, skilfully combining minerality and tension.

Serve between 10 and 12°C (50-53°F).

To taste young on the fruit or to keep 3 to 4 years.
